

BENTLEY WINS FOURTH TERM IN CLOSE FIGHT

JAMES THOMPSON, ILL ONE WEEK, DIES EARLY TODAY

DEFEATS FOWLER BY 214 VOTES IN HOTTEST CITY CONTEST IN LOCAL ANNALS

FUNERAL TO BE HELD ON FRIDAY, 2 P.M.

Death Was Due to Peritonitis. Following an Attack of Acute Appendicitis

BAR ASSOCIATION MEETS TODAY TO PLAN MEMORIAL

Able Lawyer, Statesman and Speaker Mourned by Many in All Walks of Life

JAMES THOMPSON died at 4:17 a. m. today in the Lutheran hospital, just a week after he had gone to the hospital for treatment.

Death was caused by peritonitis, which resulted from an attack of appendicitis ending in rupture of the appendix, according to Dr. G. J. Egan, who, with Dr. A. Gundersen, attended Mr. Thompson. Mr. Thompson worked hard all day in his office, on Tuesday, March 29, the day before he went to the hospital. The next morning he felt so ill that, on the advice of Dr. Egan, he entered the hospital, although it was against his will as he insisted on working up to the last minute.

Operated on March 30. On Wednesday, March 30, Mr. Thompson was operated on. For several days he showed slight signs of improving. Endowed with a sturdy constitution and physique he fought valiantly against the onsets of the disease which was permeating his system. On Monday his condition became worse. Tuesday morning the hospital authorities said his condition was very poor. When the end came, his wife, two brothers and a sister were at his bedside.

The La Crosse bar association is meeting this afternoon in the circuit court room to prepare resolutions of condolence on the death of Mr. Thompson and to make the customary preparations to attend the funeral. The funeral will be held Friday, 2 p. m., at the residence, 325 South Seventeenth street, at 2 o'clock and later at Our Savior's Lutheran church, the Rev. H. G. Madsen officiating at both services. Interment will be in Oak Grove cemetery.

Wife Noted Pianist

Mr. Thompson is survived by his wife, who was Edna Gundersen Peterson, a concert pianist of national reputation, his twin brother, Judge George Thompson of Hudson, Wis., judge of the Eighth Judicial district; the Rev. T. C. Thompson of Des Moines, Iowa, another brother and four sisters, Mrs. Gena Thompson, Madison, Wis., and Mrs. G. O. Paulsen, Mrs. C. E. Paulsen and Mrs. O. M. Peterson, all of Perry, Wis.

In the death of Mr. Thompson La Crosse loses one of its ablest lawyers, a statesman and brilliant public speaker.

James Thompson was born of Norwegian parents on a farm in Green County, Wisconsin, in 1875. After attending the common schools, he entered the Stoughton academy, and was graduated from the University of Wisconsin in 1899, completing his law course at the University of Michigan in 1901. Since then, he had practiced law at La Crosse, where he had a large practice. He was twice elected district attorney of La Crosse county, in which capacity he served with distinction and was urged by unanimous vote of the county board to accept a third term.

Urged to Become Candidate

Time and again he had been urged by his fellow citizens to become a candidate for mayor and for congress; but had declined. In 1916 he was elected a delegate-at-large to the republican national convention at Chicago, leading the entire ticket. Again in 1920 he received the highest number of votes among the delegates. Mr. Thompson was a close student of public questions and a forceful speaker.

Senate Candidate Twice

In the spring of 1918 he was the La Follette candidate for United States senator and though at that time almost unknown, he came within 2,400 votes of winning over Senator Lenrod. In the recent election he was an independent candidate for the position of United States senator opposing Irvine L. Lenrod and receiving approximately 250,000 votes. Mr. Thompson was married to Edna Gundersen Peterson of Chicago, May 28, 1918.

Mr. Thompson was a member of the Masonic lodge, of the La Crosse (Continued on page six)

STEP TOWARD LABOR PEACE IS SEEN IN BRITISH COAL STRIKE

Miners and Employers Accept Mediation Offer of the Government

TRANSPORT WORKERS VOTE TO SUPPORT MINERS ON STRIKE

Railway Workers also Considering Sympathetic Action

LONDON.—By The Associated Press.—A hitch developed Wednesday evening in the proposed resumption of negotiations between representatives of the striking coal miners and the mine owners, it was announced in the house of commons by Premier Lloyd George.

He said the miners' federation had just informed him it was unable to see its way clear to instruct the mine pumpmen (whose duty it is to keep the mines clear of water) to resume work during the negotiations.

LONDON.—By The Associated Press.—The executive body of the miners' union Wednesday afternoon accepted the government's proposal that the miners' delegates meet representatives of the owners and the government for the opening of negotiations with the view of a settlement of the coal strike.

The mining association, comprising the owners of the mines, also accepted the proposal of the prime minister.

Vote Strike Support LONDON.—Decision to support the British miners in their strike, was reached by the transport workers' federation at a meeting held here Wednesday morning.

The vote taken by the transport workers was unanimously in favor of lending aid to the miners. It was decided to meet in conference immediately with the delegates of the National Union of Railwaymen and the Miners' union for the purpose of securing action on the strike situation by the "triple alliance."

Rail Workers May Join The National Union of Railwaymen held a conference and adjourned at noon until later in the day, when it will hold a joint meeting with the miners. It is probable that following this meeting there will be a full conference of the "triple alliance."

Scotch Miners Riot

LONDON.—Disorders which began Tuesday in the coal mining town of Cowdenbath, in Fifeshire, Scotland, became more serious at midnight, and in a series of clashes with the police a number of strikers were injured, says a Central News dispatch. The message states that several policemen were wounded.

The rioters repeatedly broke through the police cordon and succeeded in putting electric light wires, throwing the town into darkness. Police reinforcements are being rushed to the scene.

OFFICIALS DEPLORE THOMPSON DEATH

MADISON, Wis.—Public officials of Wisconsin today paid tribute to James Thompson.

Governor John J. Blaine—"I am very deeply affected to hear of the death of James Thompson, for with his death Wisconsin loses one of its best citizens. He was a man of high ideals who was unselfishly devoted to the common good."

C. H. Crownhart, revisor of statutes—"James Thompson was an ideal American, liberal in his views, a good neighbor, and a good citizen. He was optimistic, hopeful, cheerful, proud of his state and his country. He was a good fighter and a good loser. He had a host of steadfast friends, each and every one of whom, in his death, will feel a personal loss."

Elmer S. Hall, secretary of state—"James Thompson was an uncompromising fighter. He never stepped aside to take the easy road, but took the right road regardless of the obstacles ahead. There should be more young men in politics of this state with the courage and broad humanitarian viewpoint held by Mr. Thompson."

CALLAHAN LEADING GARY IN RACE FOR SCHOOL POSITION

Contest for State School Superintendency Expected to be Close

MILWAUKEE, Wis.—Complete returns from only a few counties and meager figures from a number of others show that the race for state superintendency of public instruction between Charles P. Gary, incumbent, and John Callahan, may be close, with Callahan leading by a slight margin.

Callahan carried Sheboygan county by 2,500 and Winnebago by 1,921. Kenosha county gives Callahan an advantage of 2,831. Gary leads in Milwaukee county, practically complete returns show, by 2,129. He also has a slight advantage in Dane county with about one-third of the precincts reporting. Callahan has a slight lead in La Crosse county, but returns show, and he leads Gary in Brown county by 1,000 votes in one-third of the precincts heard from.

PLATTEVILLE TO HAVE MOVIES ON SUNDAY

PLATTEVILLE, Wis.—Platteville will continue to have Sunday movies and baseball. The jury in the case of William Tracy, proprietor of the Gem theater, arraigned in court on complaint of the W. C. T. U. reported they could not agree. No arrangements have been for a retrial, but it is intimated the state will move for a dismissal.

WOMAN TICKET WINS

THAYER, Kas.—Two divorced grandmothers, three housewives and a telephone operator will administer the affairs of this 400 population town for the next year.

An entire woman's ticket, campaigning without a platform other than their reputation for having the town's interests at heart, was swept into power in Tuesday's election by a majority of four to one.

CITY IS CRIPPLED WHEN GAS SUPPLY IS SHUT DOWN HERE

Citizens Compelled to Eat Cold Meals and Plants are Closed Today

ARMY OF WORKMEN ENLISTED TO ASSIST IN REPAIR WORK

Old Cooking Devices Dug up When Gas Stoves Fail

Thousands of residents of the city were forced to partake of cold breakfasts Wednesday morning, restaurants and hotels were nearly put out of business insofar as the serving of meals was concerned, and bakeries and other institutions were forced to suspend business as a result of a breakdown in the gas plant of the Wisconsin-Minnesota Light and Power company late Tuesday night.

One of the hardest-hit institutions in the city was the plant of the Tribune and Leader-Press. Not until nearly 2 o'clock this afternoon was the gas turned on so that work could be started on the publication of the afternoon edition.

Cut off from their fuel supply, hundreds of householders dug up cast-off kerosene burners, alcohol burners and other devices to provide warm dishes of food for members of the family. Families with coal or wood ranges were in luck. Thousands of persons had cold meals today.

At the Japanese saloon coffee was heated by means of a blow-torch. Art Hop of the American Lunch unearthed a one-burner kerosene stove, pocket side edition and placed it on the lunch counter, boiling coffee for patrons in an ordinary kitchen coffee pot.

Fulton's Statement Concerning the trouble at the gas plant, Manager J. C. Fulton said:

"The gas supply to the entire city of La Crosse was interrupted at 10:30 p. m. on April 5th through the accidental closing of the valve at the Gas Works, which controls the supply to the city."

"As soon as the total failure of the supply was discovered, steps were immediately taken to restore the supply in a safe manner. Because of the probability of gas burners being left open at the time of the failure of the supply, and also because of the great number of pilots on appliances throughout the city, it was deemed advisable to shut off all meters and notify the consumers before restoring the supply of gas."

"All the company's employees who could be reached by telephone and automobile were gathered at the office as rapidly as possible and assigned routes which covered the entire city. Thirty men were out before 2 a. m. going from house to house and shutting off meters. Progress was slow prior to daylight but after that the men were added to this force as the morning advanced, and the city was covered by noon. It was then deemed advisable to turn the gas into the mains and the work of restoring service to the business houses and residences was commenced."

"The company regrets the inconvenience to which its patrons have been put by this unusual occurrence, and requests their co-operation by seeing that the company is immediately notified in all cases where service has not been restored to normal."

EX-EMPEROR CHARLES BACK IN SWITZERLAND

BERNE, Switzerland.—By The Associated Press.—Former Emperor Charles of Austria-Hungary is back in Switzerland after his unsuccessful attempt to reseat himself upon the Hungarian throne.

TO SUBSCRIBERS

THIS edition of the Tribune and Leader-Press is late in publication and much restricted in matter owing to the lack of gas service which involved the whole city on Wednesday, and which stopped the newspaper's linotypes as well as the kitchen cook stoves. Because this misfortune is one which it was beyond the newspaper's power to foresee or overcome, it is hoped that patrons will be indulgent. Tabulated election returns and other local and telegraphic news which it was impossible to put into type in the short time available after gas service was restored will appear in Thursday's paper.

HUGHES REITERATES COLBY'S STAND ON MANDATES QUESTION

New Notes Sent to Governments of Japan, Great Britain, France and Italy

JUSTICE OF U. S. CLAIMS RECOGNIZED IN PARIS

Demands Voice in Settlement of War Problems

WASHINGTON.—New notes on the subject of mandates have been sent by the American government to the governments of Japan, Great Britain, France, and Italy.

The notes are understood to be very similar, but the occasion for preparing them is said to be the receipt of Japan's reply to the original American note protesting against Japanese mandate over the former German island in the Pacific north of the equator.

State department officials refused to discuss the documents, but it was learned that they were broad enough in terms to cover all American rights growing out of the world war.

The notes form a part of the series begun by Secretary Colby and in which the United States insisted upon its full rights as one of the allied and associated powers, and also the right to pass finally upon all mandates before their adoption.

Won't Recognize Treaty PARIS.—A note of considerable length from Charles E. Hughes, American secretary of state, has been received by the French foreign office, through the American embassy here. The document, which bears the date April 4, affirms the rights of the United States in all settlements arising from the world war.

"L'eternum," political editor of the Echo de Paris, who appears to have had access to the note, declares he considers it means that America declines to recognize any decision of the allies in the treaty of Versailles, or taken by the supreme council or by the league of nations. He asserts that this is a grave attitude on the part of the United States.

The note will not be given out here until it has been made public in Washington.

U. S. Approval Necessary

It was learned in official circles that the communication bears principally upon the action of the council of the league of nations last December in approving the mandates passed upon at that meeting, including the Japanese mandate over the North Pacific islands, taking in the Island of Yap, but that it also outlines the policy of the new administration regarding questions arising from the war and declares the approval of the United States to be necessary for a final settlement.

A disposition to recognize the justice of the American claim was indicated in official quarters, although with the reservation that it was scarcely possible to give the United States the right of veto in the settlement of questions which necessarily were discussed in the absence of representatives of the American government.

The reply will probably express the intense satisfaction of the allies if the United States is disposed to resume collaboration with the settlement of war questions.

HERRICK TO ACCEPT DIPLOMATIC POST AT FRENCH CAPITAL

WASHINGTON.—By The Associated Press.—Myron T. Herrick has decided to accept appointment as American ambassador to France, a post he filled under President Taft and which he occupied at the beginning of the world war. Mr. Herrick's formal nomination will be made soon and he will go to France in the early summer.

VILLAGE CHANGES NAME

SLINGER, Wis.—Schlesingerville, the placid little "city" near Milwaukee, slurred its name to the more casual by pronouncing one of "Slinger" by referendum vote. It was shown by election figures Wednesday. Trainmen have shortened the name for years for purposes of vocal comfort and the citizens have worked over the lingual mazes of the name perforce until the referendum vote was decided upon which resulted in the change.

CUT COAL RATES

WASHINGTON, D. C.—Rates on coal from the head of the Great Lakes to various points in Minnesota, North Dakota and South Dakota were found Wednesday by the interstate commerce commission to be unreasonably and unduly prejudicial and new rates were prescribed by the commission to go into effect July 1.

Schweizer, Birnbaum and Frisch All Win Re-election; Smith, Voight and Mulder Defeated in Aldermanic Contests

MAYOR A. A. BENTLEY was re-elected for his fourth term on Tuesday in one of the closest ballot battles that has ever been waged in La Crosse. He defeated his opponent, Frank H. Fowler, by a majority of 214 votes in a total vote of 10,670, by unofficial count.

The final count, as tabulated at the city clerk's office and the Tribune and Leader-Press, was:

Bentley, 5442.
Fowler, 5228.

The total vote was not only unusually heavy for a city election, but nearly 2,000 more than that cast at the presidential election last fall, when a total vote of 8,859 was polled in the city.

The only change in the complexion of wards from the primary vote, in which Bentley carried fourteen of the city's twenty-one wards, occurred in the Thirteenth ward, which was carried by Fowler by twenty-seven votes. In the primary Bentley carried the ward by eleven votes. In other wards, as the final total indicates, the Bentley strength was cut down somewhat from the primary showing, but these in the Bentley primary column stayed there. The influence of the women's vote is seen in the reduction of the Bentley majority of practically a thousand two years ago to the narrow margin by which he won on Tuesday. Fowler carried eight wards.

Schweizer Leads Field

For the rest of the city ticket all of the present incumbents were returned. Mike Birnbaum, city clerk, and J. C. Schweizer, treasurer, led the field. Joseph J. Frisch had a stiff fight with his opponent, Richard Newburg, but won out with several hundred votes to spare. Other city officers went to their present holders uncontested.

In the aldermanic contests in the first ten wards there were several turn-overs. B. C. Smith, for twelve years, alderman of the First ward, was defeated by J. B. Murray. Harry Palmer won out by the narrow margin of four votes over John C. Voight in the Second ward. Ferdinand Roth retired John Mulder in the Fifth ward. The sitting aldermen who won out for re-election are J. J. Verchota in the Third ward, Harry Newburg in the Sixth ward, and Louis Robinson in the Ninth ward. New aldermen who will take seats in the city council, besides those named above, are Amor H. Anderson in the Seventh ward, George Falk in the Eighth ward, Severin J. Semingson in the Tenth, Leonard Kilian in the Sixteenth and Henry Erlwein in the thirteenth.

GRAIN MARKETING PLAN SUBMITTED TO FARM MEETING

Machinery by Which Grain is to be Sold on Co-operative Basis is Explained

COMMITTEE OF 17 COMPLETES PLANS AFTER YEAR'S WORK

Curbing of Speculation is One of Aims Sought

CHICAGO, Ill.—Complete machinery by which farmers of the country may take over the marketing of their grain on a co-operative basis was laid before a national conference of grain growers here Wednesday. The plans were presented by committee of seventeen which has been working on a national co-operative grain handling system for the last six months, and which called today's meeting as a ratification conference.

While the plans have been under constant consideration the past few days and were given their final touches only late Tuesday night, they differ in no essential detail from those previously worked out by the committee, its members stated.

Pressure from several quarters for compulsory pooling of grain did not succeed in winning endorsement. The plan calls for pooling at option.

Curbing of speculation in grain is set forth in the final report of the committee as one of the chief aims of the proposed plans.

Salient details of the contract feature of the plan are these: There are two contracts, the first running from the farmer to the farmers' co-operative elevator, the second from the elevator to the central agency.

The farmer signing the contract must sell his grain exclusively to these agencies for five years, renewable thereafter from year to year.

Two Types of Contract There are two types of contract a farmer may make. He may adopt the regular sales method now followed through which the farmer sells to the elevator and the elevator sells at (Continued on page six)

KENOSHA CITIZENS VOTE DOWN BONDS FOR NEW SCHOOLS

KENOSHA, Wis.—John C. Slater, for the past twenty years city attorney of Kenosha, was elected municipal judge of Kenosha county in the election on Tuesday, defeating Arthur D. Ames and M. G. O'Donnell. Slater had a majority of 698 in the three-cornered fight. Kenosha turned down a proposed bond issue to provide \$800,000 for the erection of two new school buildings by a majority of 834.

Charles M. Anderson, one of the most prominent members of the common council, was defeated for election by Fred P. Mueller by a majority of one vote. He has demanded a recount alleging that two defective ballots were counted as votes for Mueller. For state superintendent of schools John Callahan had 5,609 in the eighteen precincts of Kenosha county as compared with 2,778 for C. P. Cary.

RACINE, Wis.—A. J. Lunt was elected mayor of the city with a lead of 219 over his opponent, R. M. Hurley, in one of the bitterest contests ever staged here for that office. Hurley had the backing of William Armstrong, present mayor, and made his run as a "workingman's candidate." He polled a vote of 8,143 to the 8,362 cast for his opponent.

William Hayman was named as city controller by a lead of 5,000 votes over Otto Neitzel and will be the first occupant of the newly created office. Seven school commissioners were elected. It being the first time the voters had a chance to voice their choice in the matter, the vote was the largest ever polled here.

GREEN BAY, Wis.—Wenzel Wiesner, labor candidate for mayor, was victor over P. J. Collignon by an unofficial majority of 1,163. The vote stood, Wiesner 5,708, Collignon 4,545. The vote polled was heavier than in the presidential election. Women took advantage of their franchise and turned out heavily.

Mayor Wiesner will fill the unexpired term of former Mayor Elmer S. Hall, secretary of state. The term is for one year.

The returns from fourteen of the forty-seven precincts in Brown county for state schools superintendent give Cary, 2,423; Callahan 2,485. Returns from outlying precincts were slow in coming in.

THROW OF THE DICE DECIDES OWNERSHIP OF BERMUDA ESTATE

Owner Couldn't Decide Which of Nephews Should be His Heir

HAMILTON, Bermuda.—Richard Darrell was "Norwood," a fine residence property on the shore of Hamilton harbor and one of the show places of Bermuda, by drawing lots with two other persons in compliance with the provision of an unusual will of his uncle.

Henry Darrell, former owner of this estate, could not decide which of his three nephews he would make his heir, so he stated in his will that they throw dice and let fate decide the matter. But in the interval, his sister, Miss Darrell, was to retain a life interest and continue her residence at "Norwood."

Miss Darrell died in January last and arrangements were then made to carry out the terms of the bequest. It was thought best, however, to modify the plan to the extent of substituting slips of paper which were shuffled in a box, for the dice throwing. This was consented to by all parties and the lucky nephew is now possessor of the ancestral estate.

MEN ADMIRE BEAUTIFUL EYES

Census of Opinion Taken Among Male Sex Shows That Orbs Are The Focus of Attraction

The girl with deep, soulful, expressive eyes is the girl who usually wins out over her less attractive sisters. Rich, well-defined brows and long, dark lashes are absolutely indispensable to bring out the beauty of the eyes. In fact, the part that these adornments play in bringing out the life and sparkle of the eyes can hardly be overstated.

If you want to add the growth of your brows and lashes go to your druggist and get one-half ounce of Calomite. Follow directions carefully, and you will be surprised and delighted with the results. This is a perfectly harmless preparation. It comes in brown, dark and light. The dark and brown darken the brows and lashes, as well as quickly promoting their growth.

You can obtain Calomite in La Crosse from Hoeschler Bros., Roeder's Drug Store, Doeringer's or any well stocked drug store. If your druggist has not stocked yet he can get it from The La Crosse Drug Co., or Spence-McCord.

BLACKHEADS GO QUICK BY THIS SIMPLE METHOD

Blackheads—big ones or little ones—soft ones or hard ones—on any part of the body, go quick by a simple method that just dissolves them. To do this get about two ounces of Calomite powder from your druggist—sprinkle a little on a wet sponge—rub over the blackheads briskly for a few seconds—and wash off. You'll wonder where the blackheads have gone. The Calomite powder and the hot water have just dissolved them. Pinching and squeezing blackheads only open the pores of the skin and leave them open and unsightly—and unless the blackheads are big and soft they will not come out. While the simple application of Calomite powder and water dissolves them right out, leaving the skin soft and the pores in their natural condition. You can get Calomite powder at any drug store and if you are troubled with these unsightly blemishes you should certainly try this simple method.

RICKENBACKER TO REFEREE RACES AT LOS ANGELES SUNDAY

LOS ANGELES, Calif. — Eddie Rickenbacker, former racing driver and American ace of the world war, will referee the national championship sprint races on the Los Angeles speedway next Sunday, the Speedway association announced today. Barney Oldfield, originally selected as referee, had announced his withdrawal.

Knowing and Living
Of all men perhaps the book-lover needs most to be reminded that man's business here is to know for the sake of living not to live for the sake of knowing. —Frederic Harrison.

FIVE BADGER CREWS LAUNCH SHELLS FOR PRELIM WORKOUT

MADISON, Wis. — For the first time since the abolition of varsity rowing in 1916, five University of Wisconsin crews launched shells on Lake Mendota Tuesday for a preliminary workout. Coach H. B. Vail has forty-five candidates from which to choose his eight row crew to represent the university in competition.

Upon the showing made in spring practice depends the probabilities of a Wisconsin crew entering the rough-keepsie races of the Intercollegiate Rowing association, held June 25. If his men show sufficient development Coach Vail has announced that he would enter the regatta.

Peaceful Scenes on the Battlefield
A marvelous change has come over the battlefields of Gallipoli. There are very few evidences of the great conflict which was staged there, and the landscape is dotted with orchards and picturesque shepherds. Occasionally one will come across a pile of wire or other debris as a reminder of the presence of the armies. The land is to a great extent under tillage or being prepared for crops.
